

## Battery powered cablecutter

„AS-52“  
Art. 216434-1

**Video 216434**

# 1. Technical data

Area of application:	Separating copper and aluminium cables <b>Not suitable for fine stranded conductors and ACSR aluminum steel cables.</b>
Safety:	Working Safely with safety lever. The model Art. 216434 does not protect the operator when working on cables that carry power.
Garantie:	2 year guarantee if used for the purpose it is intended.

# 2. Area of work

Cutting range:	Ø till 52 mm Cu/Al
Battery charging time in minutes:	60 min.
Battery type:	18 V, 4 Ah

### 3. Short description

#### Preparation:

Before starting up the tool, always read the operating instructions.

All current-carrying elements in the area you are working in should be disconnected.

Otherwise the protective procedures for working in the vicinity of components under current must be implemented. (DIN EN 50110)

Do not use the tool if you are tired or under the influence of medication, drugs or alcohol.

Take into account the valid accident prevention and safety regulations and use the tool exclusively for the purpose for which it is intended.

Only electro-technically trained persons over 16 years of age may process connecting materials using the tool.

The operating instructions must always be carried with the tool.

The instructions must have been read and understood by the user.

The operator must ensure that this is the case.

#### Handling:

- The device has a manual return that brings the piston back to the starting point when the maximum cutting force (separation of the cable) has been achieved.
- Particularly excellent circular cut
- Use under the harshest conditions possible - robust construction.

**haupa®**

**...convincing solutions**

#### **4. Notes regarding correct use**

Before you start work, all active, thus current-carrying elements in the area around the assembler must be switched to without power. If this is not possible, protective procedures for working in the vicinity of components under current must be implemented. The charge status of the battery should be checked before you start work.

## Mounting and unmounting the battery

### Charger specifications

Model Nr.:	215527
Input:	100 – 240 V AC
Frequency:	50 / 60 Hz
Output V:	21 V
Output A:	1 A
Weight:	0,164 kg
Measurements:	92 mm (L) x 47 mm (B) x 45 mm (H)

Charger:

Connecting battery to charger:

215523 (2 Ah)

215525 (4 Ah)

### 2 Ah Battery Specifications

Model Nr.:	215523
Voltage:	18 V
Weight:	0,35 kg
Measurements:	114 mm (L) x 73,5 mm (B) x 67 mm (H)
est. Charging Time:	approx. 30 Min
Capacity:	2 Ah

### 4 Ah Battery Specifications

Model Nr.:	215525
Voltage:	18 V
Weight:	0,58 kg
Measurements:	114 mm (L) x 73,5 mm (B) x 67 mm (H)
est. Charging Time:	approx. 60 Min
Capacity:	4 Ah

LED charge indicator: (Pressing the button will light up LEDs)

***HAUPA is not liable for wrong or unintended use***

**Please remove the battery after use and keep it removed when storing the tool!**

## **6. Care and maintenance**

### **Cleaning**

- Careful cleaning of the tool, in particular, the moving parts contributes towards a longer useful life. Remember that dust, sand, environmental influences, in particular a high salt index, and dirt in general are extremely damaging.
- When inserting the rotary knife into gear, use the pushbutton. Pushing it into gear with force may cause damage to the knife and the gear.

### **Power switch**

Check to see whether the switch on the machine automatically pops out again when you release it.

### **Storage**

To prevent damage to the tool as a result of bumps, dust etc. you should if possible store the tools in the original packaging.

### **Guarantee:**

2 year guarantee when used for the purpose it is intended when the annual maintenance intervals are maintained by an authorised HAUPA service centre. We reserve the right to rework the product.

### **Disposal:**

...in accordance with the scope of validity of the European WEEE (2002/96/EU) and RoHS directives (2002/95/EU). Batteries must be disposed off separating according to the battery directive.

WITH EVERY REPLACEMENT PART ORDER, INCLUDE THE FOLLOWING INFORMATION:

- 1) Article number.
- 2) Article description.
- 3) Reference to the operating instructions and/or date.
- 4) Tool type.
- 5) Serial number of the tool.

The guarantee is voided if you use parts that are not original replacement parts from HAUPA.

## Declaration of conformity HAUPA Factory certificate

Remscheid, 25.02.2021

product:	battery cable cutter "AS-52"
product range:	Around the cable
product no.:	216434-1
battery:	18 V, 4,0 Ah, Li-Ion
weight:	2,7 kg
diameter:	max. Ø 52 mm
range of application:	Al / Cu cable max. Ø 52 mm
dimension:	320 x 160 x 110 mm
remark:	not for ACSR and armoured cables

We, Haupa GmbH & Co KG, with the main Headquarter in 42853 Remscheid/Germany, Koenigstrasse 165-169, declare under our sole responsibility that the products mentioned in the data sheet complies with the European Standards or Standard Documentations according to the regulations of the following mentioned directives:

According to 2006/42/EG, 2014/30/EU
